

# KLEU Floor

## Protective Covering for sensitive floors

Fully synthetic and self-laying carpet parts made of 100% polypropylene brand fibers, free of harmful substances, in the dimensions 2 m x 1 m. Suitable for laying, especially in sports and multi-purpose halls, to protect sensitive floors.

Colors available as shown above - brown, light gray and anthracite are preferred available.

### Technical specifications

Total height: approx. 6 mm

Total basis weight:  
approx. 3.1 kg / m<sup>2</sup>

Impact sound insulation:  
approx. 19 dB

Light fastness: level 6

Water fastness: level 6

Burning behavior: BFL-S

### Cleaning

Easy to care for with a vacuum cleaner. In the case of heavy soiling, damp cleaning with commercially available carpet cleaning agents is possible.

Avoid using sharp-edged objects, wire brushes, etc.
